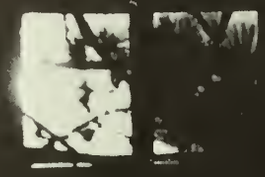
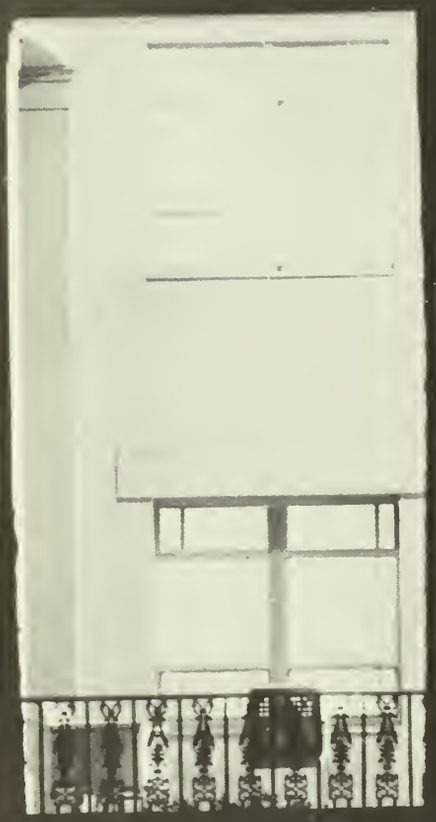
THE REFLECTOR·Nineteen Hundred and Sixty-Nine

Georgia Southern University
Zach S. Henderson Library

The art of awareness is the art of
learning how to awaken to the
eternal miracle of life with
its limitless possibilities.

It is searching for beauty everywhere,
in a flower, a machine,
a sonnet, and a symphony.





It is identifying yourself with the hopes,
dreams, fears, and longings of others.
It is learning to interpret their
thoughts, feelings, and moods.

It is developing the deep sensitivity
through which we may suffer and know tragedy;
but through which we also experience the grandeur of life.

It is striving to stretch the
range of the eye and ear;
it is taking time to look and
listen and comprehend.

It is keeping mentally alert to all that is going on around you:
it is being curious, observant, imaginative
that you may build a universe.

It is through a growing awareness that
you stock and enrich your memory—
and as a great philosopher once said:
"*A man thinks with his memory.*"

A New President —

Dr. John Olin Eidson took over the presidency of Georgia Southern College on July 1, 1968. A native of Johnston, South Carolina, Dr. Eidson received his A.B. degree from Wofford College, his M.A. from Vanderbilt University, and the Ph.D. degree from Duke University.

He has served for eleven years as Dean of the College of Arts and Sciences at the University of Georgia. Also at the University he was Professor of English and Dean of the Coordinate College. He has served as Director of the University Center in Georgia, and spent a year in Germany as Fulbright Professor of American Literature at the University of Freiburg. In World War II, he served for four years in the U. S. Infantry and is now Lt. Col. in the U. S. Army Reserve.

Dr. John Olin Eidson is a man, a man with a mighty big job; but Dr. Eidson is a mighty big *man!*

The Beginning of an Era

On the same day Dr. Pope A. Duncan became Vice President of Georgia Southern College. Dr. Duncan is familiar with the functions of a college. He served as Dean of Brunswick College in 1964, and as President of South Georgia College in 1964 through 1968.

This versatile man is an asset to our campus. Versatile in the respect of his leadership and beliefs, Dr. Duncan helps guide our college to continuous progress.

Administration Introduce

Each member of Georgia Southern's administration has a different job. However varied or farfetched the task may be, these people conjoin a unit, a unit that guides and directs our college. The functions are diverse, the people different, but the over-all goal is basic. Behind the doors that house the administration departments an individual can locate not only efficent service but a friendly and helping hand.

Education: Building

Southern's Education Division has stimulated continuous growth of our school throughout the years. The goals set by this department are high and challenge the potential teacher.

As in every aspect of life, change is evident in the teaching profession. Faculty members prepare and instruct future educators in connection with progressing and forwarding this most important division on campus.

Expand for Future Research

The Division of Science and Mathematics offers a broad expansion of programs leading to degrees in Chemistry, Biology, Physics, and Mathematics as well as the pre-professional programs in Medicine, Forestry, Dentistry, Pharmacy, and Medical Technology.

The division's greatest project at the moment deals with the building of three new Science-Math buildings. At present the Herty building houses this large division. This coming summer the department is proud that it will be moving into a new biology building. Other buildings for the department which are hoped to be completed by 1975 are the Physics-Math and Earth Science buildings.

Largest Professional Center in State

The Division of Home Economics at Georgia Southern prides its students, faculty and curriculum. The Division has the distinction of being the second largest professional center for the study of home economics in the state supported institutions, serving students from throughout the nation. Its faculty numbers twelve full-time teaching staff in areas of specialization: Child Development and Family Relations; Food and Nutrition; Home Management, Equipment and Family Economics; Housing and Interior Design; Textiles and Clothing; and Home Economics Education.

Students majoring in home economics actively serve in student and community leadership roles. The Division through its co-curricula efforts sponsors the honorary society, Phi Upsilon, for recognition of outstanding scholastic achievement and a Student Member Section of the American Home Economics Association.

Industrial growth of our nation is one concern of Georgia Southern's Industrial Technology Division. Housed in the J. A. Carruth Building, this division is headed by Dr. Donald F. Hackett.

Two undergraduate degree programs are offered by the department: Industrial Technology and Industrial Management. Graduates of these programs advance into such occupations as technologists, supervisor, technical representatives, engineering aids, and industrial trainees.

Physical Education, Health, and Recreation: Newly Christened Gym Expands Curriculum

The Hanner gym is the headquarters of Georgia Southern's physical education program. All students are required to take some form of physical education, whether the fundamentals or some specific sport. The program at Southern is one that serves not only the individual student, but the campus as a whole. This division is responsible for the intramural and intercollegiate sports programs. Dr. Douglas Leavitt is Acting Chairman of the department.

Techniques Combined With Laboratories

The Division of Social Science includes the Department of History and the academic fields of Economics, Geography, Philosophy, Political Science, Psychology, Sociology, and Anthropology. The Division which is housed in the Hollis building is very unique in that a traditional lecture class is placed side by side with working laboratories.

Although the Division is one of the largest at Georgia Southern, the faculty is known for its genuine interest in the students. The general atmosphere of the department is one of combined friendliness and learning.

The Division is under the direction of George B. Watson.

Right: First row: Miss Hazel Hall, Mrs. Dorothy F. Lee, Mr. Clarence McCord, Mrs Mary H. Mikell. *Second row:* Mr. Robert Overstreet, Dr. Maryland Wilson.

The language department at Georgia Southern gives the student much more than the bare necessities. The Language Division is composed of English, Modern Foreign Languages, Journalism and Speech. Dr. Fielding D. Russell is chairman.

In addition to the outstanding academic program, the student is exposed to still further advances in his chosen subject. The English, French, German, and Spanish clubs are sponored by the department. Along with these clubs, the Masquers, and the literary periodical, *Miscellany*, are made possible by this section of Southern's advanced educational program.

Creativity

The Fine Arts division of Georgia Southern has an incessant job of exposing our youth to the various fields included in the Fine Arts program. The Music and Visual Arts Departments meet this undertaking with the best of facilities and instructors.

This year's events included the 'Foy Fine Arts Week' featuring the paintings of Mrs. Betty Foy Sanders, for whose father the J. P. Foy Arts Building was named. Concerts and recitals were held throughout the week, marking such groups as the Southern Singers and the Philharmonic Choir. In April Dr. Otto Luening, co-director of the joint electric music center of Columbia and Princeton University, lectured on electronic and Computer music.

Business Administration:

The Division of Business at Georgia Southern College has grown rapidly in order to keep pace with the ever-increasing opportunities which Southern industry and business offers today. To cover the broad spectrum of requirements for this field, the Division of Business offers programs in Accounting, Finance, Marketing, Management, and Business Education leading to degrees of Bachelor of Business Administration or Bachelor of Science in Secretarial Administration.

Basketball: Fast Paced Favorite

Basketball is a game requiring timing, endurance, and above all, teamwork. Long hours of practice, tiring road trips, and noisy crowds made up the itinerary of the 1969 Eagles. Amid it all, each player contributed his best to the team effort. The result was a winning season and a berth in the District Championships.

An aura of tense excitement pervaded players and fans. Many games were decided in the last few moments of action.

The tall coach calls time-out to plan a last critical play.

Tired and breathless, they are determined to win.

A deadlock; Radovich watches apprehensively.

JV's Have Winning Season

Under the coaching of Mr. Alan Johnson the 1969 Junior Varsity managed a season record of nine wins and eight losses. Highly erratic in its performances during the season, the team's final standing was largely a product of the efforts of such players as Danny Gordon and Charlie Gibbons. Nevertheless, the experience gained on the freshman team will be of vital importance in meeting the demands of Varsity basketball.

Below: L to R, Back Row: Phil Wysong, Danny Gordon, Steve Melton, Charles Gibbons, John Fountain, Charles Bobe, Ron Bergbom, and Coach Alan Johnson. *Kneeling:* Manager Larry Barrett, Buddy Pinkston, David Moseley, Steve Jackson, Carey Shea, Ronald Gwin and Tommy Bond.

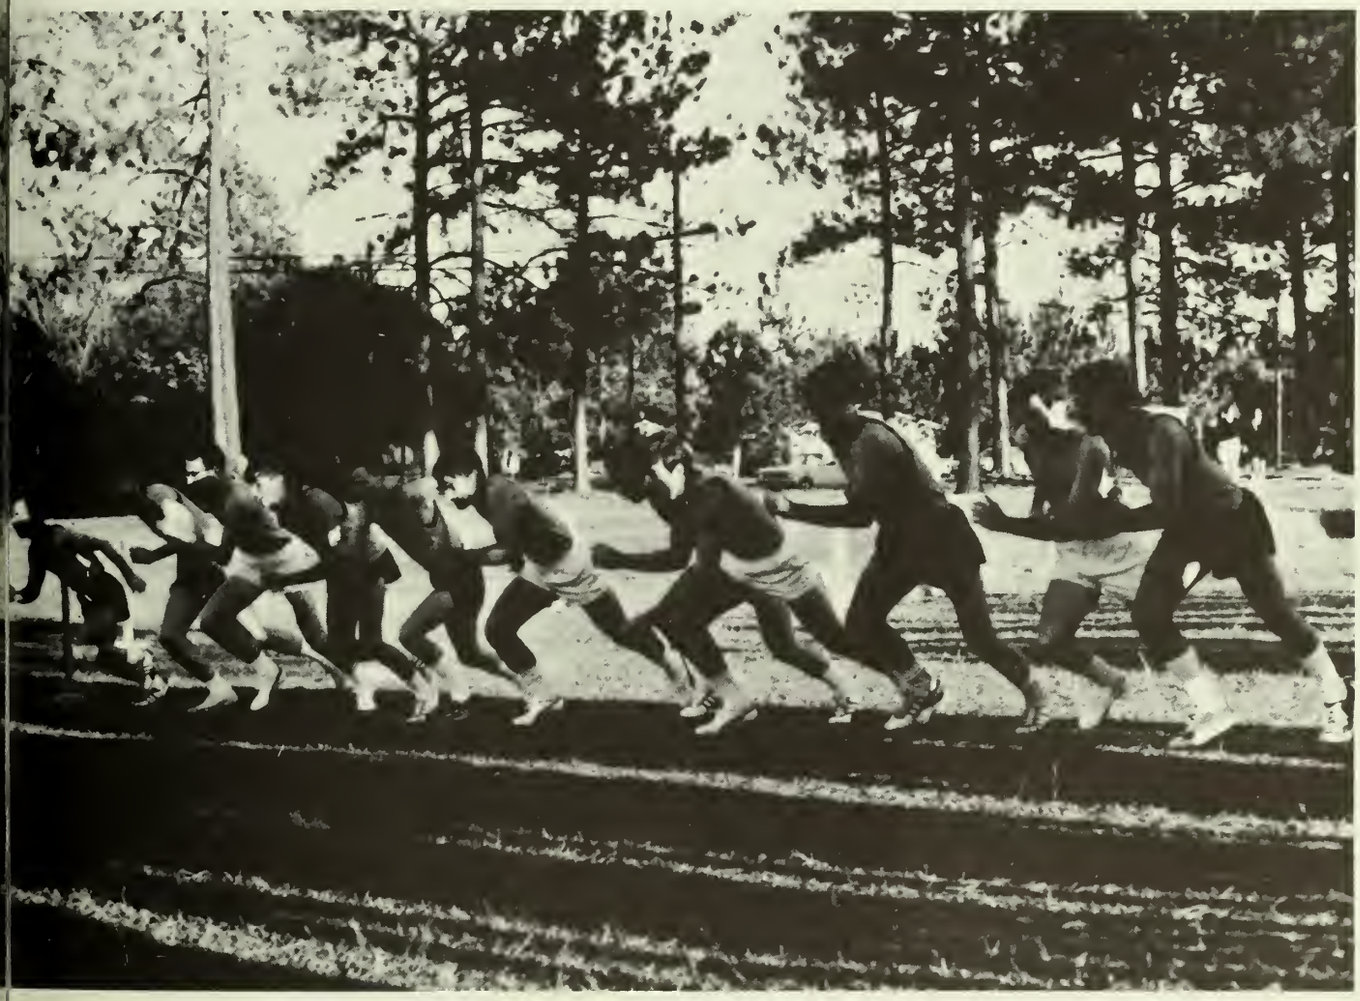
Something New: Cross-Country

A new sport was added to the Georgia Southern competitive field in the fall of 1968. Cross-country brought a new excitement in endurance ability. The most enduring runner of the season was New Zealander Hugh de Lacy. A triumphant first season was recorded with 3 wins, 1 third place, and 1 fourth place: that in the Georgia State Championship.



Gymnasts Undefeated

The Southern gymnastic squad had a perfect season this year, taking nine wins out of nine regular season meets. Their best record yet, at press time they were on their way to the National Tournaments. The keynote of their consistent success was depth. No single member carried the team, but all were proficient in several areas. A flawless record and high attendance during home meets firmly established gymnastics as a major sport at GSC in 1969.

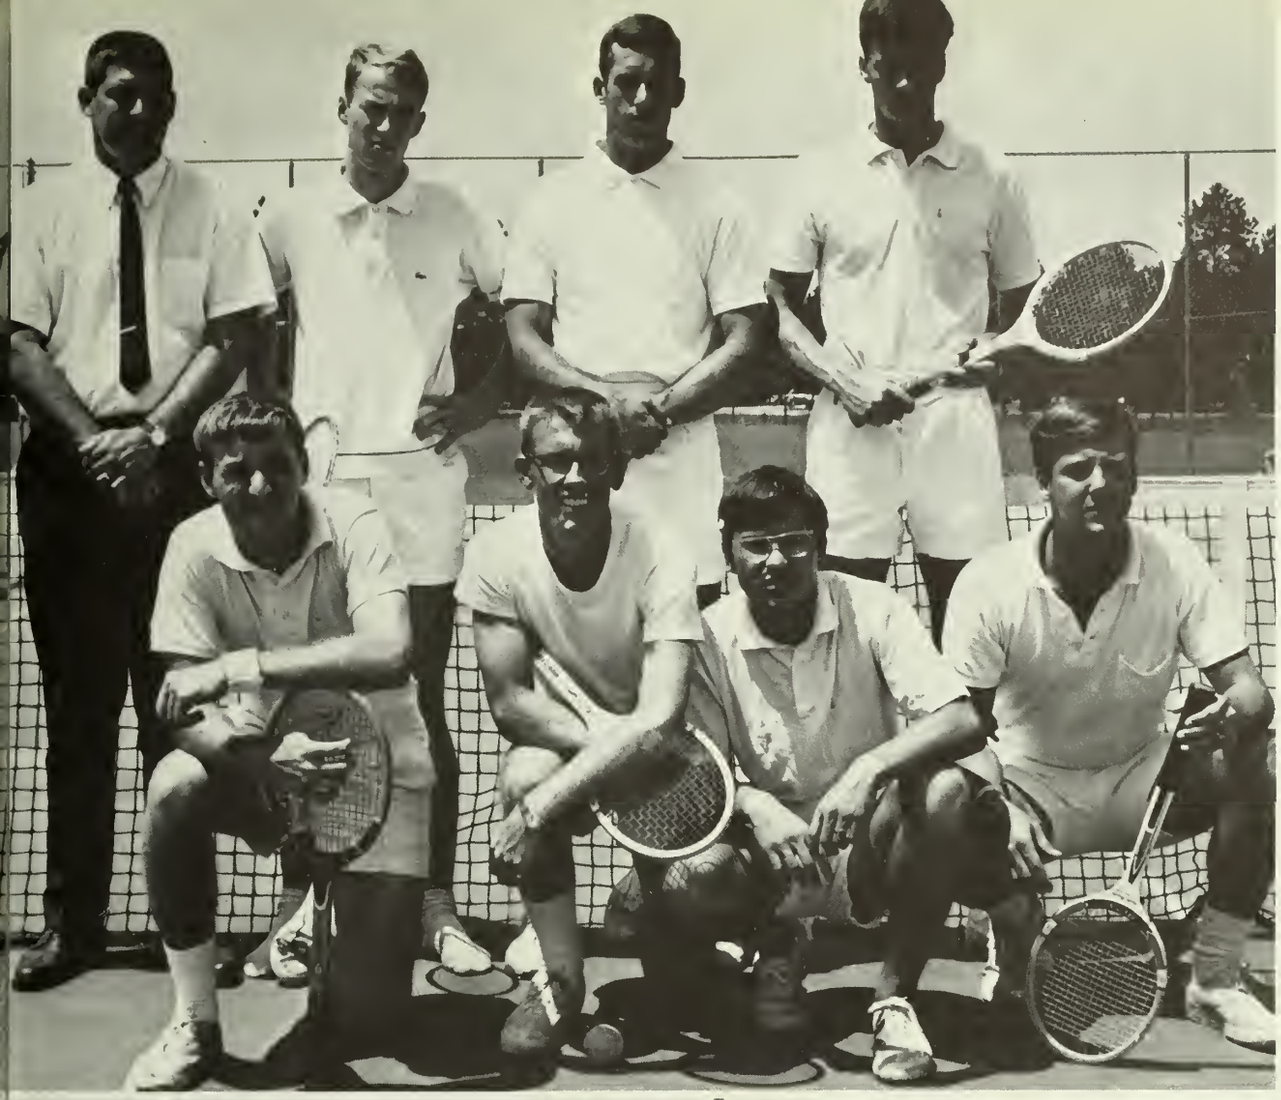
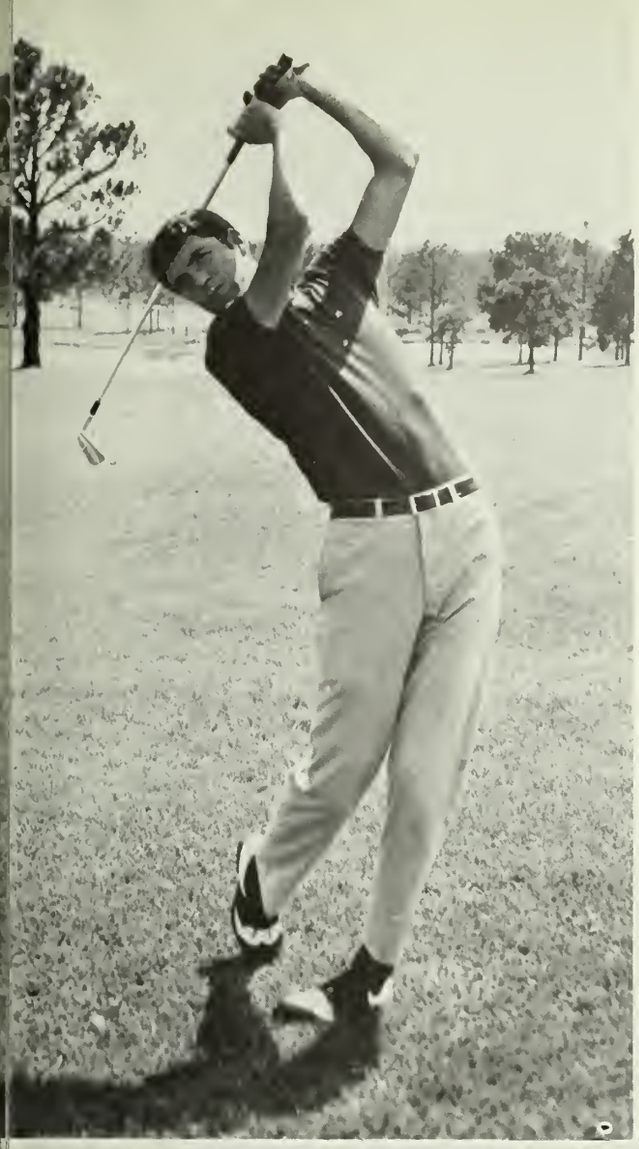
Victory Over Emory: High Point of Season

Playing an 11 game roster against many well-known athletic colleges might appear dismal to some. But the GSC netters led by number one Eagle Bjorn Kjerfve, Tom King and Jerry Poppell held their own. To the team and Coach Ramsey, the most important and ego-building win was that over Emory 6-3.



Above: Dr. Frank Ramsey, Bjorn Kjerfve, Sonny Harmon, Jerry Poppell, Tom King, Eddie Russell, Harm Brandt, and Ken Purcell.



Golfers Par for Season

The Eagles began their 1968 Golf season with Paul Carr as their new coach, only three returning lettermen, and hopeful faith in the talent of new team members. Despite an early rash of losses, the team gained vital experience and was shooting par by the end of the season. Early reliance on the experience of Eddie Register, the slowly maturing but superior performance of Jack Hartness, and consistent support from Dennis Raith led the golf squad to a 7-7 record for the season.

Eagles Soar to

1968 saw the Eagles hustle their way to the number two position in the NAIA. Known as one of the strongest baseball schools in the South-East, Georgia Southern proved its merit in a sterling season and post-season performance. While other students were enjoying spring fever and beach trips, the baseball players were busy winning district and area championships against tough opponents. With top-notch coaching and All American players like pitcher Jimmy Dobson and slugger Jimmy Fields the Eagles were hard to stop.

Greeks Play Ball Too

Intramural sports take the mind off books and stimulate healthy competition within the student body. The excitement accompanying triumph such as KA's and ADPi's in football often runs higher when "our guys" win than in intercollegiate action.

Students: Seekers of that
elusive butterfly—
tomorrow.

Sophomore Class

President—Rod Meadows

Vice-President—Dewey Holland

Secretary-Treasurer
Anne Womack

Comparison begins
with the eyes
watching—waiting
maybe wondering why
Thinking has become a new habit
producing new ideas
new emotions
and a new curiosity of life
sometimes leading to
confidence
Classes continue
a new challenge arises

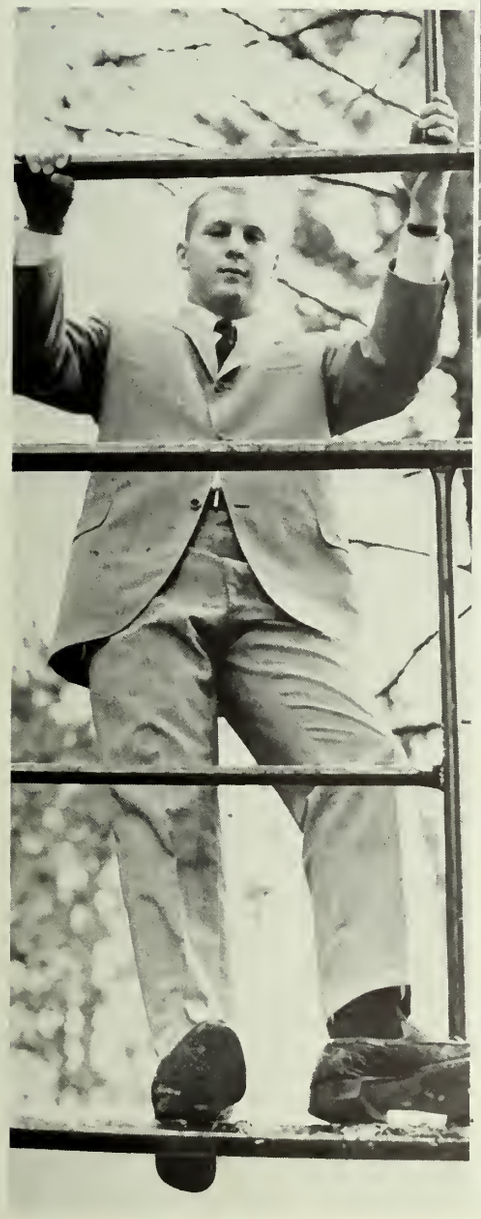
Junior Class

President—Lee Giradeau



Vice-President—Cheryl Wilson

Secretary-Treasurer
Rusty Brown

Challenges grow into accomplishments
but still there are new ideas,
new problems and new solutions
the curiosity is almost satisfied
a little bewilderment enters
as confidence . . . takes over.

Vice-President—Durwood Fincher

This is the year of being
not only existing
but knowing how and why
New thoughts still reign
they always will
eyes open
hearts reach out
minds grasp
with graduation . . .
leading to a complete
confidence

President—Rod Thomas

Secretary-Treasurer
Janice Hudson
